Product information

# Sharia compliant savings

**A Wakala Treasury Deposit Account from AlRayan Bank generates competitive returns for large, bespoke investments.**

The account is operated under the Islamic finance principle of Wakala which is an "agency agreement" where we act as your agent to achieve an agreed expected rate of profit for an agreed number of days.

As your agent we monitor the investment on a daily basis to make sure that we achieve the expected profit rate agreed.

If at any point we are not able to achieve the expected profit rate, we will terminate the agreement and return the initial deposit, plus the profit accrued up until the date of termination. This process minimises the risk to your investment.

- You will not be able to terminate the agreement, add or withdraw funds before the maturity date
- Your money will be invested in Sharia compliant investments

# How it works

## Step 1

### Contact your Relationship Manager

You can apply for a Wakala Treasury Deposit by speaking to your existing Relationship Manager (RM).

## Step 2

### Deposit offer

Once you have made the application through your RM, we will make you a deposit offer that we can invest the money as your agent for a fixed fee. The deposit offer states the expected (target) rate of return, investment term and the expected (target) profit on your deposit. We will be entitled to any profit generated from the investment over the expected (target) profit rate offered to you.

## Step 3

### Receipt of funds

Once you have accepted the offer and we have received the funds, we will set up the account and you will receive a confirmation letter.

## Step 4

### Monitoring your funds

We will work as your agent, closely monitoring your investment on a daily basis, endeavouring to achieve the expected (target) profit rate.

## Step 5

### Unforeseen circumstances

If for any reason we are not able to achieve the expected (target) profit rate, we will give you the option to close your account.

If you choose to close your account, we will return your funds, along with the agreed profit accrued on your deposit up until the date of termination.

## Step 6

### Maturity

On maturity we will pay you back your initial deposit, plus the expected (target) profit amount agreed at the outset.

We will credit the funds to your AlRayan Bank current or savings account according to your preference.
